## COMMENTS FROM THE TOWN MANAGER'S OFFICE

The High Street sewer became plugged late last fall and as there was no manhole it was necessary to excavate to get at the source of the trouble. As the season was late time did not permit constructing a manhole last fall, however this has recently been done, which is conforming to the current policy of installing manholes in sewer lines that give trouble.

The Board of Selectmen have agreed to let the residents of Newry use the Bethel town dump. In return the Selectmen of Newry have agreed to pay Bethel \$50.00 for the privilege of using the dump for a period of one year. Payment of the specified sum has already been received.

Bethel Junior Chamber of Commerce presented a 50 star flag to the town on May 26th. The Municipal Officers express their appreciation for the gift and for the interest indicated by the Junior Chamber in their community. The flag has a window bracket so that it may be displayed on holidays and other occasions when it practical for the general public to have flags on display.

Motor vehicle excise tax receipts for the first five months of 1960 are \$2,058.04 in excess of the 1959 receipts, with total collections amounting to \$16,196.76.

Sincerely,  
Harold L. Bean

"Wonderful Dear,

It would be too,  
if they just had  
a kitchen extension

No one likes to interrupt whatever they are doing to answer a ringing telephone in another part of the house. And yet, this happens many times daily to "one phone families." This problem can be simply solved by installing a convenient and handy kitchen extension which lets you keep your eye on dinner, watch the children and still have the convenience of telephone service at your finger tips.

OUT WHERE THE COUNTRY CAN  
TEAR A TRUCK TO PIECES—

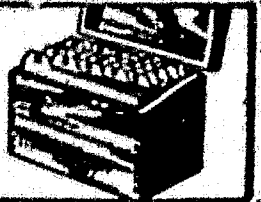

Chevy  
middleweights  
get  $\frac{1}{3}$  more  
work done  
in a day!

Where they used to deliver 2,300 gallons of liquefied petroleum gas in other trucks, Petrolane Gas Service of Long Beach, California, can now deliver 3,500 gallons a day! That's 7 days a week usually, over back trails and up into high rock country with maximum GVW loads. And with Chevy's Torston-Spring Ride pacing every foot of the way! "You don't get any more jolting on washboard roads than you do in a passenger car, or any sideways on curves," says driver Berne Stone. "I used to take some rough roads at from 5 to 8 miles an hour. Now I can go 30 over them." Petrolane has over 200 Chevrolets hauling for them.

If you think we're excited about Chevy's independent front suspension, you ought to talk to the truck owners who are profiting by it. They'll tell you Chevy's torston-spring design is the hottest thing to hit the industry since trucks began. Drive one—that's the proof, short and sweet.
